Technologies

Address: Hari p ur Chowk 2km Vill age
Duranwali, Bhagowal Road
Sialkot, Pakistan.

About

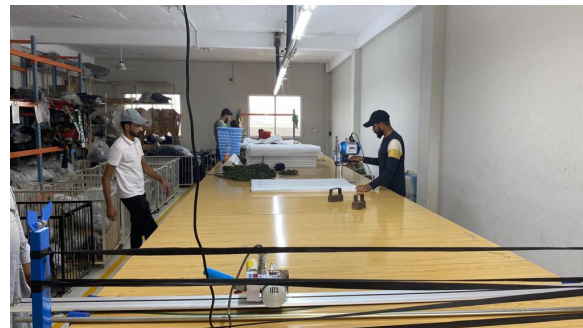

NWM Technologies came into existence in the year 2009. Essentially targeted at the domestic retail segment, we moved to Corporate Workwear and Uniforms in the year 2011. We are primarily manufacturers of all categories of casual and formal apparel.

The best of inputs are used at our state of the art manufacturing facility with more than 1000 skilled working force to give you great quality garments and accessories. We are ISO 9001, ISO 14001 Certified company, Our products come with the highest quality standards, which is the most important aspect all our customers expect from us. We are proud of our four-point quality

As a responsible corporate citizen and supplier, we welcome every opportunity to partner with global companies and customers without limiting ourselves the form of collaboration. We aim at modeling the business which enables sustainable growth together.
